

# MARCH 29th & 30th, 2019

At the Ag Mechanical Building on the Tarleton State University Campus Farm

TEXAS  
Department of  
State Health Services

The Northeast Texas Public Health District, in partnership with the  
Department of State Health Services and Tarleton State University, presents:

## RURAL COMMUNITY RECOVERY AWARENESS & TRAINING

**Are you involved in or interested in assisting  
your community in the event of a disaster?  
You are invited to attend this **FREE** event.**

The Emergency Preparedness & Recovery Tool Kit has been successfully implemented in Van Zandt County, after they experienced an outbreak of seven tornadoes in April of 2017. Grant funding allows this training to now expand to Erath County (and any surrounding counties who are interested).

The purpose of the event is to allow dedicated work time for developing updated Disaster Response and Recovery plans for Erath & surrounding counties and for developing a Long Term Recovery Group for Erath County.

### **FRI, MARCH 29th**

9am-5pm

#### **Disaster Response & Recovery Planning**

Who should attend:

- Emergency Managers
- Police
- Fire
- EMS
- First Responders
- County Judge
- Amateur Radio Operators

Breakfast, lunch & snacks provided

### **SAT, MARCH 30th**

10am-4:30pm

#### **Long Term Recovery Group Formation**

Who should attend:

- Community Members
- Social Services
- Case Managers
- Churches
- People from the community who  
would like to represent their county  
on the Long Term Recovery Group

Snacks & lunch provided

**RSVP to Dr. Melissa Oden, Project Manager  
moden@tarleton.edu / (817) 455-5795**

The Tarleton Campus Farm is at 2064 CR 518 in Stephenville, TX  
The Ag Mechanical Building is the first building on the right after pulling into the farm
